

All About Learning, Inc. is a leading provider of school enrichment programs and classes for kids grades K-8 through. All of our classes utilize Science, Technology, Engineering and Mathematics (STEM) concepts and 21st Century educational goals of Critical Thinking, Problem Solving, Collaboration, Curiosity and Imagination! For more information, please visit www.michiganlearning.com!

Elementary Engineering

This is a great hands-on learning and slightly more complex building activity using basic engineering principles, simple machines, forces in motion, problem solving, and collaboration. Students will creatively build and modify machines through basic engineering skills using our unique LEGO® kits. This is an integrated math and science program.

When: Wednesdays, February 16 – March 9 from 3:10 to 5:10 pm

Where: Ames Elementary

Cost: \$80.00

Registration Deadline: January 26, 2011

For more information, please contact: Mindy Keller @ 485-7630

Minimum enrollment to run the class is 12 * For students 4th and 5th Grades

LEGO® is a trademark of the LEGO Group of companies which does not sponsor, authorize or endorse our programs.
