

### Medieval Math Reminder

The December Tracker is coming home with your child. The tracker is also available on e-backpack. Please work with them to continue to practice their math facts. Each student who turns in their November tracker will be getting a patch to place on their shield. These patches will be presented to each student in their classroom. Remind them that there will be a reward for those that complete both the November and December Trackers. Keep working!

Thanks – The Ames Medieval Math Committee
