

TRACK IS BACK AT HAUSER

Track practice at Hauser has started. Parents please exercise caution when entering the playground and/or parking lot at Hauser. The safety of all Hauser students is always a concern. Whenever possible, please avoid driving across the parking lot, opting to drop off/pick up your child on Akenside or in front of Hauser instead. No one should be parked anywhere on the playground at any time unless it is in a designed spot (along the lilac bushes by Akenside or along the side by the church), even when athletes are not outside utilizing the practice facility. Please do not park by the field in order to pick up your child after school. If you do in fact have to drive across the parking lot, please go very slowly.

Practices are held in the morning and from 3:30-5:45 Monday - Friday. At times track athletes are inside conditioning or in front of the building doing their workouts, so please exercise caution in the morning and past 6:00 p.m. Our track season is very short and we would like to utilize the facility to the best of our ability. We appreciate your help in this matter.
