

Dear Hauser Students and Parents,

We are pleased to offer two sessions of after-school clubs this year. The session 2 offerings are described in this brochure.

The exciting co-curricular selections described in this brochure are the result of suggestions by Hauser students, teachers, and parents. Whether your interests range from literature and culture to food, fitness, or games—we have something for you!

Each of our students strives to develop his or her interests and talents. At the middle level, students work to determine their places in the world as they experience significant growth. We hope that each student will choose to participate in one or more of these engaging activities.

Sincere thanks go to the teachers and paraprofessionals who have created these outstanding clubs; Mrs. Stacy Westin for coordinating the co-curricular program; and to Dr. Jonathan Lamberson and the District 96 Board of Education for their generous support.

Sincerely yours,

Leslie Berman

Principal
