

"GOING GREEN" IN DISTRICT 96

We are pleased to announce that District 96 will be continuing our initiative of "going green" this school year. In an effort to conserve resources as well as instructional time, you will find that most building and district-wide communications will now be in electronic form. The District 96 and Hollywood websites will be your source for all school and district communications, including school newsletters, informational handouts, PTA flyers, and much more. To access these flyers, please visit www.District96.org, click on the "Resources" tab, and then click on "E-Backpack." From this page, you will be able to view all district-wide flyers. Also from that page, you will be able to click on "Hollywood School" to view school-wide flyers. This e-backpack will be updated *every Wednesday*. In the event that any paper flyers need to be sent home, these will also be sent *on Wednesdays*. We understand that it may take time to get comfortable with this new process, but please understand that we will work together and approach it in partnership. We look forward to continuing to move toward a "greener" school! Thank you.
