

## TRAFFIC REMINDERS:

With nearly two feet of snow that has accumulated outside, your continued support is requested with the following traffic drop-off/pick-up procedures to ensure all students' safety:

- \*It is requested that all parents use Hollywood Avenue as a one-way street going north during drop-off and pick-up hours. This is especially important now that the passable street area has narrowed due to snow accumulation.**
- \*Students are asked to only enter/exit cars where there is a shoveled pathway between the sidewalk and street. Students are not to enter/exit cars by climbing over large piles of snow.**
- \*Please utilize the “rolling drop-off/pick-up zone” by making a line and slowly pulling up one at a time to a shoveled sidewalk pathway. Students will enter cars only at these shoveled pathways.**
- \*In an effort to keep this line of traffic moving, if you must park your car, please do so north of the fire hydrant on the east side of Hollywood Avenue. If your child has not yet exited the school, it is requested that you please park your car north of the fire hydrant, or drive around the block and re-join the pick-up line a few minutes later.**
- \*Students should only enter/exit cars through the side of the car closest to the sidewalk. Students should not enter/exit cars through the side of the car facing oncoming traffic.**
- \*Please do not park on the west side of Hollywood Avenue.**
- \*Please respect neighbors by not turning around in driveways.**

Thank you for your support with these procedures,  
to ensure the safety of our students.
