Free Early Intervention Screenings (for children ages 4 months – 3 years)

Friday morning, November 19. Concerned about your child's developmental milestones?

Research has shown that the earlier we identify any delay in development and begin addressing that delay, the better prepared a child will be to begin kindergarten. Helping Hand will provide free screenings at the library for children ages four months to three years. To schedule a 45-minute appointment with a Master's Level Developmental Therapist from the Helping Hand Rehabilitation Center, call Carol Boyke at (708) 352-3580, ext. 383.
