# GROW & LEARN WITH US

2011-2012 Before and After School Child Care  
**PAV YMCA**

**Riverside School  
District #96  
Ames  
Blythe Park  
Central  
Hollywood**

## OUR PHILOSOPHY

The Pav YMCA, in partnership with Riverside Elementary School District #96, is pleased to offer this before and after school child care program based on four guiding concepts: family, child, YMCA traditions and accessibility.

- > For us, it is not enough to just provide a place for children to play. Our comprehensive program is designed to meet the unique needs of your child and family.
- > Children are given the opportunity to grow and learn new skills individually and as a group. The space, the equipment and, most of all, the care staff are responsive to the developmental needs of each child.
- > Our program is delivered in a positive YMCA environment of safety, support and care. Working with families is not new to us. The YMCA has been doing this for nearly 150 years!
- > This program is open to all children in Riverside Elementary School District #96.

Fee assistance is made available through our **Annual Support Campaign** for qualifying families with demonstrated financial need.

The Pav YMCA is an **Illinois Action For Children** participant organization.

## ABOUT OUR PROGRAM

This program is provided by the Pav YMCA in partnership with Riverside Elementary School District #96. All before and after school care will take place at your child's school (Ames, Blythe Park, Central or Hollywood).

Separately, **School's Out! Days** and school break camps (Institute days; half & early dismissal days; legal school holidays; and Thanksgiving, winter & spring breaks) will take place, if enrollment permits, at the Pav YMCA facility - 2947 South Oak Park Avenue in Berwyn.

Before and after school care is offered every full day of school beginning Wednesday, August 31, 2011.

### Program Hours\*

Morning care starts at 6:30am until the start of the school day. Afternoon care begins at the end of the school day and ends at 6pm.

### Program Pricing\*
